

Dear Parent/ Carer

Once again can I thank you for your continued support in implementing the system we have put in place to ensure your son/ daughter continues to get a high standard of education.

In the letter sent yesterday we outlined the process of the rotational system for the two groups. In part of our planning and reflecting on when we have done this previously, we acknowledge that asking pupils to be online at home for 5 hours continually could lead to added stress and anxieties. When pupils are at home on the 5 day rotation, please see below for an outline of the times they will be expected to log on and participate in lessons.

To help with a consistent approach, the times link to the normal running of the school day. The actual lesson will finish 10 minutes before the allotted time to allow pupils to have a rest break and then be ready for the next session.

The '**Well-Being**' session has been put in during the mid-part of the day to allow for pupils do something different from the online live teaching. During this time, they **will not be required to log on**. They should use this time for engaging with something different, and where possible, do some exercise.

Please see below the timings for when pupils at home should log onto TEAMS for their lessons:
